

My Money Temperament™

When it comes to money, most of us have a dominant characteristic that defines our *Money Temperament*. It's often the first thing we think about doing when we earn or receive money.

WRITE THE NAME OF EACH MEMBER OF YOUR FAMILY AND RANK FROM ONE TO THREE WHAT YOU BELIEVE TO BE THEIR MONEY CHARACTERISTICS (1 = MOST DOMINATE, 3 = LEAST DOMINATE):

Name: _____ Share _____ Save _____ Spend _____

Name: _____ Share _____ Save _____ Spend _____

Name: _____ Share _____ Save _____ Spend _____

Name: _____ Share _____ Save _____ Spend _____

Name: _____ Share _____ Save _____ Spend _____

Name: _____ Share _____ Save _____ Spend _____

Now that you have identified everyone's *Money Temperament*, spend some time thinking about the impact this will have on how you talk about, teach and *do* money in your family.

→ **What strategies can you utilize to ensure that everyone in your family develops healthy money habits?**
